Life Skills

“We take the skills learnt from sport into other areas of life and this is the purpose of the Young Leader Programme”

Supported By

The Purpose of the Programme

To provide the opportunity for Young People between the age of 14 to 16 (Year 9 &10) to acquire skills and competency in leadership and life skills that will allow them to volunteer within the community of their cricket club and/or school.

To retain young people in volunteering by investing quality time and resources into a specialised programme.

To retain young people in cricket by involving them in club life and creating awareness about the operating requirements for a community sports club.

To broaden the gender and diversity base of young volunteers within the game to become role models in their club, school and community and become administrators of the future.

Make the programme sustainable through fundraising but also to demonstrate the wider societal commitment of the game through the additional charitable fundraising*

* Over £70k raised by Young Leaders for external charities or causes.

The Programme

Comprises 4 face to face modules plus 2 online workshops to progress potential young leaders towards informed volunteering.

Age range is 14-16yr old girls and boys. Years 9 & 10.

It utilises the values, leadership and the life skills characteristics which are embodied within cricket.

A pioneering initiative for retaining young people in cricket and sport.

Additional online learning modules arranged with topics such as bio diversity, enhanced coaching techniques etc.

The programme is overseen by a group donating management time voluntarily and it is self funding with your help.

Introduction for an event held at Lords last winter

'Young Leaders in Cricket is an example of a programme that is helping both young people to understand various key roles in cricket clubs as well as help nurture and develop potential volunteers for the future'

"Talking about First Aid. Amongst us we have a true hero, a young man through his quick thinking and putting in to practice his learning form the course did something remarkable for someone at his tender age... May I please invite Henry to the platform to talk through the incident and what actions he took..."

How the Programme is Funded

- There is a **£70 subscription to join** the programme.+
- Each Young Leader is expected to **fundraise £60** to cover the balance of the costs of the programme*
- This way we make the programme self funding - our costs are incurred by the Trainers, venues (where required), training resources and the administration.

Note – our management time is donated by us.

* We donate a percentage of any annual surplus to the charity CRY (Cardiac Risk in the Young) and The Ruth Strauss Foundation.

** The Young Leaders are also encouraged to raise funds for other causes and over the period this has been in excess of £65k

+ No candidate is excluded on financial grounds, please speak to us about our hardship fund.

Young Leaders Fundraising Module - Explained

We encourage all leaders to embark on a fundraising project for the year. The target will be £60 per leader.*

Working as a group to achieve the individual target to develop teamwork.

Funds raised will be ploughed back to ensure future generations benefit from the programme.

An insight and training into how your club or school raises money to sustain itself.

*This helps to cover the delivery costs of the programme to make it self-sustaining

Well done Bethany!

What is expected of a Young Leader

First and foremost we want you to get maximum enjoyment and a sense of self fulfillment from the programme. What you learn will benefit your understanding of the game and the pleasure of working both on your own and with a team...a bit like cricket really!

We require that you put back 20 hours of volunteering into your club, school or local community. The majority of YL's put in more than this and we suggest you volunteer in at least two different venues to get maximum benefit for your volunteering. All hours to be signed off by a Tutor or Teacher..

We ask each young leader to raise £60 through fund raising and we strongly recommend that this is done as a team. The purpose is to take on a project to learn the benefits of goal planning, team work and event management. The first £60 comes to the programme and any additional funds you raise go to the charity or a cause of your choice.

We ask for your commitment to the programme, attend all the courses - both face to face and online. We require the Young Leader, the parents or guardian or carer and the club to sign a Pledge which acts as support for the Young Leader
