Nick Shrubshall - Chair

As a life long cricketer and fan, it has been my privilege to be Chair of Suffolk Cricket for almost eight years. Supporting the operational team, dealing with the ECB and other cricketing bodies on a daily basis, can be challenging but also inspirational when I see the passionate work that so many within the county put into our game.

My ambition is for the game to be in as healthy position as possible, oversee the development of key areas of our business such as women's and girls, disability cricket, schools expansion, and have a clear pathway for all through the SYC. Overriding this, we need to ensure that our game is accessible to all and can be played in a safe and friendly environment.

Having now semi-retired, I continue to support my other love, Charlton Athletic, through all the ups and downs as well as looking after several grandchildren when the need arises! My playing days are over now, but I have an undiminished love of watching the game at all levels and see everyone taking enjoyment from our wonderful game.

I have been involved with Suffolk Cricket for many years now playing through all the county age group levels and making my debut with a “golden duck” in my first innings for Suffolk 1st XI in 1985. My final game was in 2001 and I have so many memories and fantastic experiences with Suffolk cricket it is important provide a platform for all recreational cricketers to play for Suffolk and beyond.

I followed my playing days by moving into the coaching side with the Suffolk 2nd XI (Development), which then lead me into working with the U17 squad from 2009 to 2020. During this period I qualified as an ECB Level 3 coach. It was at the end of 2019 when I took over as Suffolk County Club Chairman responsible for the 1st/2nd

I am a “Suffolk Boy” born within a stones-throw from Mildenhall CC (my home club) and I have been involved as a committee member, 1st XI Captain, coaching and a life vice president now.

My day job has been in IT for over 30 years working in various roles (developer to project management) in many IT projects and with different business sectors (banking, finance, insurance, retail, manufacturing and automotive).

Rob Jones – Cricket Operations Manager

Having worked in the IT industry for many years (including London Underground Ltd in Ipswich) I was given the opportunity to have a complete career change and become a Cricket Community coach in 2009. Mainly covering half of Ipswich and the surrounding areas I went into several primary and secondary schools delivering the Chance to Shine programme, which was very enjoyable.

I then became the “Lead Officer” for Suffolk Cricket Board in the summer of 2010 and have seen many changes in recreational cricket over the years. Currently my main responsibilities include;

- First point of contact for the ECB
- Working with the Strategic Board
- Supporting and managing the Development Team
- Club, league and Association support
- Facilities, Clubmark and Safe Hands Management System
- Overseeing the ECB County Partnership Agreement (CPA) and Standards (of which there are 16 requirements with sub-criteria in each).

I enjoying working in recreational cricket especially trying to help cricket clubs, as conscious they are mainly run by volunteers and need to be supported by myself and everyone connected with Suffolk Cricket.
