SAFEGUARDING STRATEGY 2025 -2028

In September we hosted a meeting with the Cricket Regulators to seek the views of recreational cricket clubs Safeguarding Officers and Volunteer Committee Members. The feedback provided by clubs will help shape the recreational games Safeguarding Strategy for 2025 - 2028 inclusively. It was great to see so many clubs represented and we will keep everyone updated with the next steps

SAFE HANDS TRAINING & DEPUTY OFFICERS

We are in the process of arranging some Safe Hands Training courses to be run over the winter for those who are new to the role or your existing qualification is due to expire (it's valid for 3 years). It could also be a great time to think about adding a Deputy to your Club's Safeguarding Team and getting them fully upskilled ahead of the 2025 season....

NEW CLUB SAFEGUARDING OFFICER POSTERS

Following your feedback, further Club Safeguarding Officer Posters have been designed to support your individual clubs structures. The new templates are attached and I look forward to seeing them all in your clubs to help raise your profiles and ensure everyone knows who to contact if they have concerns or questions.
